"Dear Sir: The condition of our people now in town for the time is easy. How long we have to wait for frost we cannot teil. Business will not open for several months. As soon as quarantine is raised there will be a rush into town by those now camping out in the woods; say 3,500 more mpurhs to feed even in a more; disastrous condition than ourselves. Money would help us more at present than supplies, as we have nurses, and doctors to pay and coal and wood, to purchate, we thank you for your kind offers, and leave it to your discretion to do what you can in our behalf.
